

FDAF5501

5.5L AirFryer 1800W

This Frigidaire 5.5L Airfryer with rapid aircirculation is a must have for all! 12 pre-set cooking settings and touch screen controls make it easy to operate. Cool touch housing and handles ensure that the outer body doesn't get too hot during use.

Over-heat protection cuts off power incase the device over-heats.

With timer upto 60 minutes and temperature upto 200°C you can fry and crisp up everything without any oil!
