## 22L 2-IN-1 AIRFRYER OVEN

This unique kitchen workhorse is actually a premium full size toaster oven with a built-in airfryer. That means it not only bakes, broils, and toasts, it also lets you Airfry right inside the oven. Air frying is a healthier way to prepare delicious fried favorites. Since toaster ovens stay on the countertop, this fryer doesn't have to move back and forth, from cupboard to counter. Enjoy the crunch without the calories and messy cleanup.
